## I'm the Fool

## **Mark Knopfler**

I never thought I'd be the one To be the raging bull There'd always be a smoking gun Who'd up and lose his cool I never thought I'd have to say I'm sorry, my love, because I'm the fool I never Fool I never thought I was

I left my dreams with broken strings It's time I learnt to talk Stop falling over things Teach myself to walk I'm not a superman Or Mr. wonderful, because I'm the fool I never Fool I never thought I was

I'm the know it all Trying to mend his broken heart But I don't know who to call And I don't know where to start

Now if you should lose your faith in me I don't know where I'd run I hope you'll always let me be Your only one Am I your one true love Or am I too late for your applause I'm the fool I never Fool I never thought I was Darling, I'm the fool I never Fool I never thought I was
