```
True love will never fade
```

I wonder if there's no forever
- no walking hand in hand
Down a yellow brick road
To never-never land
These days I get to where I'm going
- make it there eventually
Follow the trail of breadcrumbs
To where I'm meant to be
To where I'm meant to be

I don't know what brought you to me
That was up to you
There's so many come to see me
Who want their own tattoo
I fixed a needle in the holder
Laid my hand upon your spine
And there upon your shoulder
I drew the picture as your sign

When I think about us
I see the picture that we made
The picture to remind us
True love will never fade

I work the rowdies and day-trippers
Now and then I think of you
Any which way we're all shuffling
Forward in the queue
They'd like to move my operation
They'd like to get me off the pier
And I dream I'm on a steamer
Pulling out of here

When I think about us
I see the picture that we made
The picture to remind us
True love will never fade
True love will never fade
