

So She Says

Mark Lind

So she says no matter what I say or do
I'll never find a way to make it through
But I can see it so damn clearly and its sad
I might be the only chance to show her we ain't so bad
So sail away
And when you're out there
I'll be here and I'll be singing

When the ship goes down I'll be here singing
I'll be here waiting for when you come around

So she says that being friends ain't all that bad
But those words cut so deeply
And you know I can't settle for that
So sail away
And when you're out there
I'll be here and I'll be singing

When the ship goes down I'll be here singing
I'll be here waiting for when you come around
