

Rubber Lover

Marmaduke Duke

Johnny had a pink rubber lover
Pinned her to the roof of his house
Went off and prophesied some good times
Maybe he's just calling out

Funky all the way home
It's regular except for the number
Funky all the way home
Funky all the way home

Girl, you're making me scream
My rubber lover, Girl
You're making me scream
My rubber lover

Johnny had the ain of the lover
Pinned her to the roof of his house
Went off and prophesied some good luck
Maybe he's just calling out

Funky all the way home
It's regular except for the number
Funky all the way home

Girl, you're making me scream
