

# California Soul

Marvin Gaye

Like a sound you hear  
That lingers in your ear  
You can't forget  
From sunrise to sunset  
It's all in the air  
You hear it everywhere  
No matter what you do  
It's going to get a hold on you

California soul  
California soul

They say the sun  
Comes up every morning  
And if you listen carefully  
The winds that ride  
On the high tide  
Whistle a melody  
So the people started to sing  
And that's how the  
Surf gave birth untold to

California soul  
California soul

When you hear the beat  
You want to pat your feet  
And you've gotta move cause  
It's really such a groove  
Puts a brand new kind of  
Thinking in your mind  
And you can't go wrong  
Cause you're happy all day long

California soul  
California soul

They had the melody and the beat  
But it still didn't seem complete  
Until they saw two lovers kissing  
They knew just what was missing  
So happy they were  
Rocking and reeling  
Because that added  
That loving feeling

California soul  
California soul

California soul  
Now if they move you  
Will it move you  
It can groove, you, baby  
California Soul now now now  
California Soul, yeah  
California Soul  
Satisfaction, darling
