

Give A Little Love

Marvin Gaye

Oh my love if you'll
Have a little trust, just a little trust
In me, oh I'll come through
I know I haven't been good to you
So give a little love, just a little love
To me & I'll be true
To you
You

Have a little faith, just a little faith
In me & I will do
The things I should for you
Give a little love, just a little love
To me & I'll be true
To you
You

I know I've strayed far far away from your arms
Yeah baby, just like a fool
I hope & I pray that you'll let me return
So I can make love, make love, make love to only you

Oh my love if you'll
Have a little trust, just a little trust
In me, oh I'll come through
I know I haven't been good to you
So give a little love, just a little love
To me & I'll be true
To you
You

Have a little faith, just a little faith
In me & I will do
The things I should for you
Give a little love, just a little love
To me & I'll be true
To you
You
