

# I Can't Help But Love You

Marvin Gaye

Hey Marvin! Yeah Tammi?  
Listen to me baby  
Take a plane a million miles and stay 100 years  
And come back baby, and I'll be waiting here  
I'll be true to you, I ain't going nowhere  
Cause this love I have is just for you to share

Can't help but love you, can't help but love you, baby  
Can't help but love you, oo

I don't care to know how far I have to fly  
I don't care to know how many stars are in the sky  
There's just one thing, baby, that I've got to know  
Will you love me forever, never let me go?  
Oh Tammi! Yeah Marvin? Oh baby

I'll be loving you, I can't help myself

I'll be loving you and nobody else  
I'll be loving you, oh yes I will  
Till I'm old and gray  
Till my heart stands still, oh Tammi  
Oh Marvin, tell me why do you love me?

I was just a rolling stone going nowhere  
Empty like a hollow room filled with despair  
Then, like a rainbow and a pot of gold  
You came into my life and you saved my very soul

Can't help but love you, can't help but love you, baby  
Can't help but love you, oo

I was so alone like a leaf without a tree  
When out of the darkness your love lifted me  
And I'm so grateful, baby I'm so glad  
Cause your sweet sweet love is the best I've ever had

Can't help but love you, can't help but love you, baby  
Can't help but love you, oo

I'll be loving you and nobody else  
I'll be loving you, oh yes I will  
Till I'm old and gray  
Till my heart stands still, oh Tammi  
Oh Marvin, tell me why do you love me?
