

Little Ole Boy, Little Ole Girl

Marvin Gaye

I'm just a little ole girl
& I'm looking for a little ole boy
Cause I need someone,
Did you hear me say someone, someone to love

Oh oh I'm a little ole boy
Oh looking for a little ole girl
& I'm hope I'm that someone, oh baby, you're looking for

Oh oh baby, did you hear me say maybe, baby
We 2 can get along
Oh but you got to hug me every morning
Kiss me every night & love me all night long

Oh oh I'm a little ole boy
Oh looking for a little ole girl
& I'm hope I'm that someone, oh baby, you're looking for

Wo say baby, did you hear me say maybe, baby
We 2, we 2 can get along
Oh you got to hug me every morning
Kiss me every night, love me all night long

I'm just a little ole girl
& I'm looking for a little ole boy
Cause I need someone,
Did you hear me say someone, someone to love

Uh huh, I'm so glad that I've found me
someone to love
Won't you put your loving arms around me?
Someone to love
