

# Oh How I'd Miss You

Marvin Gaye

My loving heart would shake  
More than the earth could break  
If you should ever go  
You know my heart would break  
If I lost your sweet embrace  
Even time could not erase  
The memories of you  
Tears would cover up my face

Oh how I'd miss you, baby  
I need you so  
Oh how I'd miss you  
Baby never go  
I'll never leave

My world would cease to be  
Without the love you give to me  
The chains around my heart  
Would never set me free  
When my life had just begun  
My sky didn't have a sun  
You fill my every need  
So if you ever leave

Oh how I'd miss you, baby  
I need you so  
Oh how I'd miss you  
Baby never go  
I'll never leave

Oh you're always on my mind  
Losing you would leave me blind  
Fill my heart forevermore  
Never leave my love behind  
With the joy your love can bring  
To you I'll always cling  
If you took away your love  
It would be the end of things

Oh how I'd miss you, baby  
I need you so  
Oh how I'd miss you  
Baby never go  
I'll never leave
