## To the Ends of the Earth

**Marvin Gaye** 

To the ends of the earth I'll follow my star To the ends of the earth Just to be where you are

No matter where you roam I'll never be far behind Who cares where the path may wind As long as I find you?

Though the melody dies The song lingers on And a thousand goodbyes Won't convince me you're gone

I'll follow you, my love You'll never be free To the ends of the earth Till you've given your love to me

To the ends of the earth I'll follow my star To the ends of the earth Just to be where you are

No matter where you roam I'll never be far behind Who cares where the path may wind As long as I find you?

Though the melody dies (Though the melody dies) The song lingers on (The song lingers on)

And a thousand goodbyes (And a thousand goodbyes) Won't convince me you're gone (Won't convince me you're gone)

I'll follow you, my love You'll never be free To the ends of the earth Till you've given your love to me
