You've Been a Long Time Coming

Marvin Gaye

You've been a long time coming But darlin', welcome home You've been a long time coming But darlin', welcome home

So many nights I've called your name Not knowing if I'd see you again You've been a long time coming But, oh, baby, welcome home

Feel, feel kinda, kinda, kinda good right now Feel so good baby, yeah You've been a long, real long time coming But darlin', welcome home

You've been a long, long, long time coming Oh, baby, welcome home

So many nights, I sit lookin' at the wall Hoping, praying for your call You've been a long, long time coming But oh, baby, welcome home

Feel kinda good, so good right now Feel so good, baby, yeah Ha, feel so good having you home, baby Yeah, yeah, ooh, don't ever leave me
