

Lay You Down

Matt Corby

I thought I knew I'd find you
Right in front of my eyes
Oh, it's holdin me down
And oh it's holdin me down
To let you inside, now

It's calling out, it's calling me
And I follow the hour
And I will love your way
And I love your way
To let you inside, now

And all along the way
I'll find you, I'll find you
And all along the way
I'll find you, I'll find you
And all along the way
I'll find you, I'll find you and lay you down

Even though you can't touch me
I'm right there under your skin
And I've fallen in love before
But with no one with a name not anymore

And all along the way
All along the way
And all along the way
I'll find you, I'll find you
All along the way
I'll find you, I'll find you

And all along the way
I'll find you, I'll find you, down

And all along the way
I'll find you, I'll find you
And all along the way
I'll find you, I'll find you
And all along the way
I'll find you, I'll find you
And all along the way
I'll find you, I'll find you
