

# Love, Don't Let Me Go

**Matt Dusk**

Love, don't you let me go  
When I need you so  
Don't you let me go

You keep my dreams alive  
How would I survive  
Without you in my life?

Loneliness would take your place  
The moment that you're gone  
It would be so hard to carry on

Love, leave me in the dark  
And I will fall apart  
It would break my heart

I don't need to hear your voice  
To know when you're around  
In this hour of darkness  
I am looking to be found  
I can only hope that you  
Won't let me down

Love, love don't you let me go  
When I need you so  
Love, don't you let me go
