

# Never Gonna Fool Me

Matt Dusk

You don't seem to understand  
Anything about me when  
You're all caught up in your world, doing the right thing  
You don't seem to realize  
How much of you I recognize  
It's hard to think straight when  
The only thing you do is fighting  
And you never pay attention to that feeling inside  
That lets us go along for the ride

Cause you don't know what you're talking about  
Don't know what  
You're going on about  
You should do your homework  
Before you open your mouth  
Cause you don't know  
Who's runnin' the show 'round here  
Just for once open up your ears  
No matter how many tricks are up your sleeves  
You'll never fool me

If only you could just go back  
And try to unlearn your facts  
You'd be so much closer  
To making the right moves  
I think that you think too much  
Inside your bubble out of touch  
Time you found out what it's like  
Walkin' in my shoes!

You lie in bed awake at night  
And worry about  
If you're on your way in  
Or on your way out

Cause you don't know what you're talking about  
Don't know what  
You're going on about  
You should do your homework  
Before you open your mouth  
Cause you don't know  
Who's runnin' the show 'round here  
Just for once open up your ears  
No matter how many tricks are up your sleeves  
You'll never fool me

We take nothing for granted 'round here  
Year after year and your door  
Is still wide open, can't you see?  
That no matter who you are  
It's never too late to learn

Cause you don't know what you're talking about  
Don't know what  
You're going on about  
You should do your homework  
Before you open your mouth

Cause you don't know  
Who's runnin' the show 'round here  
Just for once open up your ears  
No matter how many tricks are up your sleeves  
You'll never fool me
