

# Hopeless

Matthew Good Band

Lost out on this highway  
These high beams, they are blinding me  
Because I would be there if I was a better man

Even at the end of your driveway  
I still feel too far away  
Because I would be there if I was a better man

'Cause I'm hopeless  
But I don't know it  
I would I suppose if I was a better man

By midnight I'll be there  
But I still think you are an amateur

'Cause I'm hopeless  
But I don't know it  
I would I suppose if I was a better man

Lost out on this highway  
The passing cars, they blind me  
Because I would be there if I was a better man

Even at the end of the hallway  
I still feel so far away  
Because I would be there if I was a better man

'Cause I'm hopeless  
But I don't know it  
I would I suppose if I was a better man

I'm hopeless  
But I don't know it  
I would I suppose if I was a better man  
I would I suppose if I was a better man  
I would I suppose if I was a better man
