## Save You

## **Matthew Perryman Jones**

I wanna rock-n-roll
I wanna give my soul
I'm wanting to belielve
I'm not too old
Don't want to make it up
Don't want to let you down
I want to fly away
But i'm stuck on the ground

So, help me decide
Help me to make up
Make up my mind
Wouldn't that save you
Wouldn't that save you
Wouldn't that save you

Watched it all go by Was it really true Is that what it was? Was that really you?

I'm looking back again Tracing back the threads You said i was a mess Or was it just in my head

So, help me decide
Help me to make up
Make up my mind
Wouldn't that save you
Wouldn't that save you
Wouldn't that save you
(2x)

Something's gotta break You gotta swing the bat Too many years of dying Why is that?

So, help me decide
Help me to make up
Make up my mind
Wouldn't that save you
Wouldn't that save you
Wouldn't that save you
(3x)
