

## Center of Attention

### Mayday Parade

Jennifer, the party's over  
I didn't think you'd make it though the night  
Everybody's gone but you're alright  
Sweetie now obviously  
You know it's not obvious to me  
But it's not plain enough to see

You're falling baby  
I've been waiting  
You took the long way home  
In that dress, it makes me crazy  
I'm not the only one  
It's cold outside  
Keep your heart open wide  
Save it for somebody who cares  
Somebody who cares

Jennifer, the weekend's over  
But at least you made it though with style  
It all comes together after a while  
Tell me baby is it hard to admit  
Do you remember what you did?  
Where we've been?

You're falling baby  
I've been waiting  
You took the long way home  
In that dress, it makes me crazy  
I'm not the only one  
It's cold outside  
Keep your heart open wide  
Save it for somebody who cares

You don't have to walk alone tonight  
I don't have to be a gentleman  
You don't have to say a single word  
Or make believe that we could be just friends

You're falling baby  
I've been waiting  
You took the long way home  
In that dress, it makes me crazy  
I'm not the only one  
It's cold outside  
Keep your heart open wide  
Save it for somebody who cares  
Somebody who cares  
Somebody who cares
