

Let's Be Honest

Mayday Parade

This is a warning
I can feel it in the air
I know I shouldn't be here
I should be sleeping in my bed
I've got a bad, bad feeling
I've been running my mouth
The more I speak
The more your clothes come off
I've made my bed
But I don't belong here

I'm a sinking ship
I'm that cut that won't heal right
Let's be honest
You might think I'm good as gold
I'm that fire that warms your soul
I will let you down

Another warning
Another sad day will pass me by
No, I never told you
You were the last thing on my mind
I've got a bad feeling it's meant to be
It's like you knew
I'm sorry for the way that I gave up on you

Best friends stick together
Just like best friends always do
I'd rather cross my heart
And make this right
I swear these things to you

I'm a sinking ship
I'm that cut that won't heal right
Let's be honest
You might think I'm good as gold
I'm that fire that warms your soul
I will let you down

I'll bet, I'll bet you believed
Every lie I've ever told
I swear, I swear
We can make it if we just forget everything that we know

Bang, bang, bang
There goes giving your heart away
Bang, bang, bang
There goes giving your heart away
Bang, bang, bang
There goes giving your heart
Your heart, your heart

I'm a sinking ship
I'm that cut that won't heal right
Let's be honest
You might think I'm good as gold
I'm that fire that warms your soul

I will let you down

You down (3x)
