

Let Me Know

Maywood

Let me know,
when you've got the answer to all those questions from me.
Let me know,
If you wanna get married or rather wanna be free.
Tomorrow your are coming, and maybe you are running
away from the things I call reality.
Let me know, let me know if you really wanna be free.

Minutes passing by,
I wish I could be near you,
I wish that I could hear you.
Time is passing slow,
why wait until tomorrow?
Why can't you let me know?

Lovers for so long,
I know our life was sunny.
I was your little honey.
A simple little word
is all I want from you,
but I'm afraid it's gonna hurt.
