

If It Rains

Meat Loaf

Well I'm looking at the man in the broken glass
There's a crack where his heart was beating last
Oh I can tell he's been through hell
I say never stop dreaming
Oh yesterday's gone
Tomorrow is the day
Oh we're not dying
We're just paving the way
For the lovers, the dreamers
The kids who say
Never stop living
Oh never stop living
Cause if it rains it rains
We'll be in the street looking thunder in the face
Singing na na na na na
I won't change
Cause if it rains it rains
Oh like water in your lungs
They try to shut you down
Take your good ideas
And your shout out louds
But they don't know
The movement's growing
We'll never stop breathing
Oh never before and never again
Will there be a moment like this my friend
To make a change
Stand up and say
Never stop living
No never stop living
Cause if it rains it rains
We'll be in the street looking thunder in the face
Singing na na na na na
I won't change
Cause if it rains it rains
Cause if it rains it rains
We'll be in the street looking thunder in the face
Singing na na na na na
I won't change
Cause if it rains it rains
If it rains it rains
We'll be in the street looking thunder in the face
Singing nan na na na na
I won't change
Cause if it rains it rains
Oh if it rains it rains
Oh no now
Oh if it rains it rains
