

Rock 'n' Roll Mercenaries

Meat Loaf

Talking about Rock 'N' Roll Mercenaries
Soldiers of fortune by some other name
I'm talking about Rock 'N' Roll Mercenaries
Money is power
Power is fame

Everything you pay to hear
Just listen
Everything to catch your ear
Just listen
Whatever it takes they're ready to sell
Anything and everything they do it themselves

Talking about Rock 'N' Roll Mercenaries
Soldiers of fortune by some other name
I'm talking about Rock 'N' Roll Mercenaries
Money is power
Power is Fame

It starts with a game
See how they play
'Till all of the laughter has faded away
It's not for the song
It's not for the love
It's just for the gold
And there's never enough
Never enough

Talking about Rock 'N' Roll Mercenaries
Soldiers of fortune by some other name
I'm talking about Rock 'N' Roll Mercenaries
Money is power
Power is fame

It's not for the song
It's not for the love
It's just for the gold
And there's never enough
Never enough
