Way off down the road There comes Wagon Red Found himself a nickel Went straight to his head

Get on down Get on down Get on down Whoa

I looked out my window
I saw Medium Joe
Lighting both ends of his candle
Glowing from head to toe

Get on down Get on down Get on down Whoa

New car cherry tomato
Pulled off all the doors
Pulled off the steering wheel
Got the pedal taped to the floor

Get on down Get on down Get on down Whoa

Get on down Get on down Get on down Whoa

Get on down Get on down Get on down Whoa

Get on down Get on down Get on down Whoa
