

## Time and Money

Meat Puppets

There's a place across the way  
And it's boarded up and gray  
And my friends keep going back there  
And my friends say

I want time and money ... no peace of mind  
If I can keep from running I won't fall behind

I have seen a lot of things  
And pulled a lot of strings  
And the world keeps walking backwards  
And my friends say

I want time and money ... no peace of mind  
If I can keep from running I won't fall behind

There's a place I'd like to go  
Where it is I'd like to know  
Then I won't keep talking backwards  
And my friends say

I want time and money ... no peace of mind  
If I can keep from running I won't fall behind

I want time and money ... no peace of mind  
If I can keep from running I won't fall behind
