

# CAN'T DANCE

Meghan Trainor

I met this shy boy, cute as hell  
And grabbed him by the hand  
He pulled me back, I asked what's wrong  
He said, "Oh, I can't dance"  
I said, "That's fine, just keep in time  
And show off what you got"  
If you mess up, boy  
I won't mind as long as you don't stop

Woah, na na, don't stop  
Oh, na na, don't stop

Even if you can't dance, just hold my hips  
Hold my hands while I roll my hips  
Even if you can't dance, I'll handle it  
Follow me and don't stop  
Even if you can't dance, don't stand and watch  
Stand and watch while I make it hot  
Even if you can't dance, I'ma make it hot  
Follow me and don't stop

Oh, na na, don't stop  
Woah, na na, don't stop

Keep your eyes on me (woo!)  
Singing, "I'ma teach you a lesson  
You just gotta move in my direction" (Hey)  
Keep your eyes on me (Uh-huh)  
Being all anxious ain't an option  
Baby, I ain't got no plans of stopping

No, na na, don't stop (No, no, no, no)  
Oh, na na, don't stop (He-ey)

Even if you can't dance, just hold my hips  
Hold my hands while I roll my hips  
Even if you can't dance, I'll handle it  
Follow me and don't stop  
Even if you can't dance, don't stand and watch  
Stand and watch while I make it hot  
Even if you can't dance, I'ma make it hot  
Follow me and don't stop

Oh, na na, don't stop (Na, na, na)  
Woah, na na, don't stop (Hey!)

If you can't dance, just hold my hips (no no)  
If you can't dance, I'll handle it  
If you can't dance, don't stand and watch  
If you can't dance, I'll make it hot  
I'ma make it hot

Woah, na na, don't stop (Ohhh!)  
Oh, na na, don't stop

I met this shy boy, cute as hell  
And grabbed him by the hand

He pulled me back, I asked what's wrong
