

Worst Song Ever

Mellowdrone

Go to sleep
Go to sleep, I'll watch you sweat
Spider bite, panic attack, I'm lost for words
What more can a friend do?

Make a mess
Make a mess, I'll make you cry
Leave you there wondering why the floor is all gone

I know that I really can't sing
Especially when these words are useless
On and on, and on and on I go
My kingdom is slowly falling down the stairs
Taking everything that's in it's way
Apologize, I apologized to you

In and out
In and out, is what we'll do
I am stumbling after you
Thank god you're here
Lover in the red

Grow it out
Grow it out, you'll look divine
Just a simple little line
And then we're done

I know that I really can't sing
Especially when these words are useless
On and on, and on and on I go
My kingdom is slowly falling down the stairs
Taking everything that's in it's way
Apologize, I apologized to you

Be proud, you finally made it
Knock knock, baby answer the door
Be late, I'm stuck in traffic
Pushin' the gas peddle down to the floor

Wanna prove that I'll do it again

I got the nerve
Ask me I dare
I've got the nerve
Ask me it's true

Assuming no

My kingdom is slowly falling down the stairs
Taking everything that's in it's way
Apologize, I apologized to you
