

Keep runnin your mouth and forget to think  
Niggaz runnin out of brink, money fuckin shrink  
Go in a bar to get a drink and your card extinct  
Go in your car to fetch some cream, paper colored ink  
Money's good when it's good, a nigga gotta think  
Through a foggy hazed mental, eyes bothered pink  
I'm youn bitch, I ain't tryin to worry 'bout my cash  
I buy weed - a lil' hash to keep in the stash  
It's gettin greener where the grass up under my ass  
I take a drink from the flask and dust off the ash  
Strippers titties on the glass another dollar pass  
Either she's with me to make it last or I'm leavin fast  
I'm on my dick bitch, fuck what you're verbalizin  
I'm rollin hemp, gettin higher to the horizon  
See pretty women around the world and all of them smilin  
They wanna see just a peek of America's idol

But I never give, information to these motherfuckers  
Big blunts - rotation, I ain't steady hatin on another sucker
