

## In the Rain

Melvins

I don't like you  
Not a little thing about you  
There's a flower all around you  
In the rain  
Images of peace  
And now your pretty face  
Things that give me grins  
In the rain  
Tropical decision  
It was a mystical incision  
Thought you were in prison  
In the rain  
As you wander with the kid  
With a presage and a snip  
All the way to Memphis  
In the rain
