

# Heaven's Here

MercyMe

All I knew, how the this all goes  
Tryn' to get through life  
Till you get called home  
Then came you  
Heaven has begun  
Eternity is now  
Not when this life's done

Hallelujah, sing like the angels do  
We don't have to wait 'til this life is through  
No separation, He has raised us up  
We don't have to wait, heaven's here with us  
I say, we don't have to wait, heaven's here with us

Make no mistake, trust Me I know  
There's a place waiting  
That we'll call home  
But there ain't no hurry  
It's all been prepared  
Life is much sweeter  
Knowing I'm already there

Hallelujah, sing like the angels do  
We don't have to wait 'til this life is through  
No separation, He has raised us up  
We don't have to wait, heaven's here with us  
I said, we don't have to wait, heaven's here with us

We don't have to wait, heaven's here with us  
We don't have to wait, heaven's here with us  
I say, we don't have to wait, heaven's here with us

What are we waiting for?  
If we're honest  
Together forever in Christ  
Is the promise

Oh heaven has started  
Oh heaven has started  
Oh heaven has started  
Sing heaven has started

Hallelujah, sing like the angels do  
We don't have to wait 'til this life is through  
No separation, He has raised us up  
We don't have to wait, heaven's here with us  
I say, we don't have to wait, heaven's here with us

Heaven's here!  
We don't have to wait, heaven's here with us  
Heaven's here!  
We don't have to wait, heaven's here with us  
I said, we don't have to wait, heaven's here with us...
