

## Sanctified

MercyMe

Let there be no condemnation for all who are fully known in Christ  
unspeakable grace for all  
the nations by way of holy sacrifice we worship with the sound  
of broken shackles falling to  
the ground.

Sanctified i have been set free grace divine has swept me off my feet.

No greater love has ever been known than He who came to find the lost  
no greater sacrifice has  
been shown than He who laid upon the cross let all creation sing  
for He has come and He's  
changed everything.

And i know that i will never be the same.
