

# Everybody's Had The Blues

**Merle Haggard**

Everybody's had the blues sometimes and  
Everybody knows the tune  
And everybody knows the way I'm feelin' cause  
Everybody's had the blues

A lonely, song someone is gone  
A story old as time  
Love, hate, or want and wait till misery fills your mind  
But everybody knows the way I'm feelin' 'cause  
Everybody's had the blues
