

Gone with the Wind

Merle Haggard

Hey, just like in the movies a long time ago
The story was told at the big picture show
There was cheatin' and lyin' and livin' in sin
They called the movie, "Gone With the Wind"

You were miss Scarlet, the bell of the ball
I was Rhett Butler and we had it all
I wish we could go back and live it again
But honey our love it's gone with the wind

And I'm not a hero, I am what I am
Frankly my dear, I still give a damn
Going out, Civil War is raging again
And just like Clark Gable, honey I'm gone with the wind

And I'm not a hero, I am what I am
Frankly my dear, I still give a damn
Going out, Civil War is raging again
And just like Clark Gable, honey I'm gone with the wind
Yes, just like Clark Gable, I'm gone with the wind
