Got Lonely Too Early (This Morning)

Merle Haggard

Got lonely too early this mornin' Long about 3:30 am Woke up in a big empty bed room The TV had gone off again

Got lonely too early this morning Hey, lonely was laying like dirt Got lonely too early this morning Before I was ready to hurt

I try to stay clear, call her ol' friends Stopping to thinking of you I try not to bother you, darling 'Cause I know that you don't want me too

Try to look over me calling this morning I know it's on wrong time of day But I just had to talk to somebody You know I can't find nothing to say

But baby, it got lonely too early this morning A long about 3:30 am Woke up in a big empty bed room The TV had gone off again

Got lonely too early this morning Hey, hey, lonely was laying like dirt Got lonely too early this morning Before I was ready to hurt
