

# Lonely Night

Merle Haggard

Silent night, lonely night  
I don't have you for Christmas  
Silent night, lonely night  
I don't have you this year

But I'll have twelve long months to remember  
And I'll have twelve long months to forget  
And I've had a few lonely parties  
But this is the loneliest yet

Silent night, lonely night  
I won't have you this year

There are twelve long months to remember  
And twelve long months to forget  
And I've had a few lonely parties  
But this is the loneliest yet

Silent night, lonely night  
I won't have you this year
