

Some Of Us Never Learn

Merle Haggard

There'll always be a few of us
To keep the barrooms busy
And there'll always be fools like me
With no place else to turn

'Cause liquor has the charmin' taste
To keep you coming back
For it's true I guess
That some of us never learn

A crowded bar
Can't ever change the past
But from time to time
We drown it in a glass

'Cause liquor has the charmin' taste
To keep you coming back
Well, it's true I guess
That some of us never learn

A crowded bar
Can't ever change the past
Oh but from time to time
We drown it in a glass

'Cause liquor has the charmin' taste
To keep you coming back
Oh, it's true I guess
That some of us never learn, never learn
