Don't go looking for snakes you might find them  
Don't send your eyes to the sun you might blind them  
Haven't I seen you here before?

Oh, watch the puppets dancing  
Yeah, see the clowns fall down  
Hey, tie your tap shoes tightly  
Yeah, wear them into town

See you crawling  
See you crawling in

Don't go looking for snakes you might find them  
Don't send your eyes to the sun you might blind them  
Haven't I seen you here before?  
There ain't no heroes here  
No, no more

Oh, play the game so nicely  
Oh, check, it's your move now  
Yeah, we're standing in this jungle  
Yeah, with serpents I have found

See you crawling  
See you crawling in

Don't go looking for snakes you might find them  
Don't send your eyes to the sun you might blind them  
Haven't I seen you here before?  
Have your heroes disappeared?

See you crawling  
See you crawling in

So don't go looking for snakes you might find them  
Don't send your eyes to the sun you might blind them  
Haven't I seen you here before?  
No, there ain't no heroes here

Haven't I seen you here before?  
No, there ain't no heroes here

Don't go looking for snakes you might find them  
Yeah, Haven't I seen you here before?  
Have your heroes disappeared?

Don't send your eyes to the sun you might blind them
