Advice to head, I won't, I might  
Advice to head, steal once, pay twice

Advice to head  
You always said that love was not enough  
Always on the move  
(Advice to head)

I wanted to be part of something  
I've got nothing but time  
So the future is mine  
I wanted to be part of something  
I've got nothing but time  
So the future is mine
