

Never Wanted

Metronomy

Never wanted, never needed
You said, honey, best be leaving
If you want, I'll pack a bag
Foreign money in your hand
In your hand baby

Tube of tooth paste, facial cleanser,
Bar of soap and moisturizer

But it gets better
But it gets better

Never wanted, never needed
You said, honey, how you feeling?
Hotel pillows, worth a try
If you want me, swing on by
Swing on by baby

Mini bar with many choices ,
Bedside table, distant voices

But it gets better
But it gets better

Does it get better?
Does it get better?
Does it get better?

Never wanted, never needed
You said honey, best be leaving
If you want, I'll pack a bag
Foreign money in your hand
In your hand baby
