

# Cold December Night

Michael Bublé

Stockings are hung with care  
As Children sleep with one eye open  
Well, now there's more than toys at stake  
Cause I'm older now but not done hoping.

The twinkling of the lights  
The scent of candles fill the household  
Old Saint Nick has taken flight  
With a heart on board so please be careful.

Each year I ask for many different things  
But now I know what my heart wants you to bring

So please just fall in love with me this Christmas  
There's nothing else that I will need this Christmas  
Won't be wrapped under a tree  
I want something that lasts forever  
So kiss me on this cold December night.

A tree that smells of pine  
A house that's filled with joy and laughter  
The mistletoe says stand in line  
Loneliness is what I've captured  
Oh but this evening can be a holy night  
Let's cozy on up by the fireplace  
And dim those Christmas lights

So please just fall in love with me this Christmas  
There's nothing else that you will need this Christmas  
Won't be wrapped under a tree  
I want something that lasts forever  
So kiss me on this cold December night.

They call it the season of giving  
I'm here, I'm yours for the taking  
They call it the season of giving  
I'm here, I'm yours

Just fall in love with me this Christmas  
There's nothing else that we will need this Christmas  
Won't be wrapped under a tree  
I want something that lasts forever  
Cause I don't wanna be alone tonight  
I'll wear you like a Christmas sweater  
Walk proudly to the mistletoe tonight  
I want something to last forever  
So kiss me on this cold December night.

They call it the season of giving  
I'm here, I'm yours for the taking  
They call it the season of giving  
I'm here, I'm yours
