

# Love Don't Wait

Michael Franti & Spearhead

Tell me the truth one time  
Is there a chance that mornin' to dance could come from you (oo  
h)  
And tell me the truth one time  
Is there a chance that little romance could come from you (ooh)  
Im goin' crazy  
Im goin' crazy crazy crazy thinkin' about your sweet lovin'  
So tell me the truth one time (truth one time)  
Is there a chance that mornin' to dance could come from you (yo  
oou)

'Cause it's so easy, it's easy, to be with you (just to be with  
you), just to be with you  
And I said, love don't wait for nobody (you know love, you know  
love, is a precious thing too)  
Love don't wait for nobody (but love can break your heart in tw  
o now)  
Love don't wait for nobody (nah nah nah nah nah nah nah nah)  
But I'll be waitin' right here for you

I like the way you dance (the way you do what you do what you d  
o what you do what you do...)  
If you look in my eye and tell me that love, it aint never a pa  
rt of your life again, then I'll tell you you're wrong (uh huh)  
And if you look in my heart and you tell me my love, it aint ne  
ver a part of your life again, then I'll tell you I'm gone (uh  
huh)

I wanna see you rock, see you dance  
See you rock, see you dance  
I wanna see you rock, see you dance  
See you rock, dance

So tell me the truth one time, is there a chance that mornin' t  
o dance could come from you  
'Cause I know, love don't wait for nobody (you know love, you k  
now love, is a precious thing too)  
Love don't wait for nobody (but love can break your heart in tw  
o now)  
Love don't wait for nobody (nah nah nah nah nah nah nah nah)  
But I'll be waitin' right here for you

'Cause it's so easy, it's easy, to be with you (just to be with  
you), just to be with you  
And I said, love don't wait for nobody  
Love don't wait for nobody  
Love don't wait for nobody  
But I'll be waitin' right here for you
