Love & Hate

Michael Kiwanuka

Standing now Calling all the people here to see the show Calling for my demons now to let me go I need something, give me something wonderful I believe She won't take me somewhere I'm not supposed to be You can't steal the things that god has given me No more pain and no more shame and misery You can't take me down You can't break me down You can't take me down You can't take me down You can't break me down You can't take me down Love and hate How much more are we supposes to tolerate Can't you see there's more to me than my mistakes Sometimes I get this feeling - makes me hesitate I believe She wont take me somewhere I'm not supposed to be You can't steal the things that god has given me No more pain and no more shame and misery You can't take me down You can't break me down You can't break me down You can't take me down You can't break me down You can't take me down I can see the place of trouble And I'm on the verge (?) For the love of everybody I need something more (?) Now I feel some days of trouble I'm in a house of wall (?) For the love of everybody But behind a wall Standing now Calling all the people here to see the show Calling all my demons now to let me go I need something to give me something wonderful
