

# They Say I'm Doing Just Fine

Michael Kiwanuka

Here I am in Music City  
It's my time to shine  
It's just this song it doesn't fit me  
Now I'm losing my mind  
If only they told me I'd be so lonely  
How I long for a song just to set me free  
Here I am in Music City  
They say I'm doing just fine  
Well I'm running on empty  
I guess they'll leave me behind  
When I'm lost they'll forget me  
Won't be coming to find me  
My mother telling me who they think I should be  
How I long for a song just to set me free

Here I am in Music City  
They say I'm doing just fine  
Think I can make it now I'm nearly through  
Lord I just don't know what else to do  
I'm crying out for a life line  
Hey you know I'd give it to you  
Trying so hard just to be true  
Hey, I really need one more song come and set me free

No more leaving Music City  
It's my battle to fight  
So I'll stay here in Music City  
I'll try with all of my might  
Won't get the best of me  
Just you wait and you'll see  
I'll be singing my song  
I'll be flying free  
Here I am in Music City  
And I'm doing just fine
