

Let Me Show You the Way

Michael W. Smith

I'm looking at you, old friend of mine
There's no use pretending that everything's fine
Now don't be so brave, don't be so proud
I want you to know that I'm here for you now

I can see you hurting and it's hurting me
It doesn't have to be this way

(Somebody gonna hold your head up)
If you let me hold you closer
(Somebody gonna show you the light)
Let me know you
(Somebody gonna hold your head up)
Let me show you the way
(Somebody gonna see you right)

I'm feeling for you, feeling so much
When this heart is big enough for the both of us
I'll give you my love if you give me your pain
I'll hold it inside of me 'till you're stronger again

Well, I hate seeing you so far away
When not a word can say it enough

(Somebody gonna hold your head up)
If you let me hold you closer
(Somebody gonna show you the light)
Let me know you
(Somebody gonna hold your head up)
Let me show you the way
(Somebody gonna see you right)

I'll be your rock for this day
When I hear you calling out my name
Cause I know you'd only do the same for me

(Somebody gonna hold your head up)
If you let me hold you closer
(Somebody gonna show you the light)
Let me know you
(Somebody gonna hold your head up)
Let me show you the way
(Somebody gonna see you right)
