Carry Me Home

Michelle Branch

Running into you is the strangest thing
I never noticed how you look at me
I feel so funny asking how you've been
I hear you're living in the city
Growing up is really make believe
They never told us 1983, these 16mm memories
And got us falling in slow motion

They make me feel like I had too much to drink
The room is spinning and I trip on my feet
I'm seeing doubles seeing things I don't mean
Just had taste and already wasted

And if I need it will you carry me home
You know I don't really care where we go
And in the morning I'm just chasing shadow
I think I love you, but what do I know

They make me feel like I had too much to drink
The room is spinning and I trip on my feet
I'm seeing doubles seeing things I don't mean
Just had taste and already wasted

And if I need it will you carry me home
You know I don't really care where we go
And in the morning I'm just chasing shadow
I think I love you, but what do I know

And I've been sitting second guessing all alone
I guess you know you'll never find it if you [?] it
And you've been standing right in front of me all along
Yeah you've been standing right in front of me all along

And if I need it will you carry me home
You know I don't really care where we go
And in the morning I'm just chasing shadow
I think I love you, but what do I know

And if I need it will you carry me home
You know I don't really care where we go
And in the morning I'm just chasing shadow
I think I love you, but what the hell do I know
Carry me, carry me
Carry me, carry me home
