

Oh No

Mike & The Mechanics

Oh no
I don't know what to say
When you won't even look at me
Let go... Let go

I tried
But I never believed
That you sleep with the enemy
I closed my eyes

Now every time I see your face
I wonder where we both would be
If we could only leave the past behind

Oh no
What are we gonna do
What are we gonna say
Oh no
How are we gonna feel
If we can't run away
Oh no
And I don't understand
Why we don't feel the same
When we ask each other why

Sometimes
In the heat of the night
I can hear what you said to me
My life
It's my life

Who's wrong
For it can't be denied
When it's standing in front of me
Who's wrong
Who's right

Now every time I see your face
I wonder where we both would be
If we could only leave the past behind

Oh no
What are we gonna do
What are we gonna say
Oh no
How are we gonna feel
If we can't run away
Oh no
And I don't understand
Why we don't feel the same
When we ask each other why

And if I have to live this lie
Then I won't let this fire die
I will not walk away
And I refuse to say
Goodbye...

Oh no
What are we gonna do
What are we gonna say
Oh no
How are we gonna feel
If we can't run away
Oh no
And I don't understand
Why we don't feel the same
When we ask each other why
