

When I Get Over You

Mike & The Mechanics

When I get over you
I'll be who I want to be
I'll sleep where I want to sleep
And laugh at your memory

When I get over you
I'm not gonna need a friend
I'm not gonna tell the truth
I'll never do that again
You'll never see me cry
You're gonna see something new
You're not gonna watch me die
When I get over you

When I get over you
I won't make the same mistake
I don't wanna hear your voice
I don't wanna see your face
I know it's all in the past
And it's long overdue
I know that I won't look back
When I get over you

Did somebody teach you how to lie
And take what you're feeling from
your eyes
It's a sad disguise
Take it off and say goodbye

You'll never see me cry
You're gonna see something new
You're not gonna watch me die
When I get over you

Did somebody teach you how to lie
And take what you're feeling from
your eyes
It's a sad disguise
Take it off and say goodbye

When I get over you
I'll be who I want to be
I'll sleep where I want to sleep
And laugh at your memory

When I get over you
I'm not gonna need a friend
I'm not gonna tell the truth
I'll never do that again

When I get over this
I won't make the same mistake
I don't wanna hear your voice
I don't wanna see your face
