

Prom Dress

Millionaires

Listen up bitches
I'm your fucking M C
I've got my mind on your goodies
I can see your WEE WEE

Getting hard in your pants boy
I want to see you dance boy
A little strip for me
Till I D I E

Let's just hit
No commitment
Get down on your knees
Ahhhhh

So get me off like a prom dress
Let me feel you deep inside
I can tell that you're excited
And it's something you can't hide

You on top of me
That's how its gonna be
Get me off like a prom dress tonight

Off off off
Off like a prom dress
Off off off
Off like a prom dress

So I met my little hunny bunny
On last Easter Sunday
By 12 noon
He was munchin' on my brunch

Are you ready for dessert?
Keep it cummin' up my skirt
Show me banana split
Just keep lickin' on that shit

Let's just hit
No commitment
Get down on your knees
Ahhhhh

So get me off like a prom dress
Let me feel you deep inside
I can tell that you're excited
And it's something you can't hide

You on top of me
That's how its gonna be
Get me off like a prom dress tonight

Off off off
Off like a prom dress
Off off off

Off like a prom dress

La la lickity quick
Let's just hit no commit
I've been filling up my piggy bank
Machete's getting dull I think

One dollar bill for the thrill
Down that roller coaster hill
These kids would kill for this life
This life full of speed
And the weed
Emo kids cut and bleed
But we like to party
Getting drunk off the Bacardi

So get me off like a prom dress
Let me feel you deep inside
I can tell that you're excited
And it's something you can't hide

You on top of me
That's how its gonna be
Get me off like a prom dress tonight

Off off off
Off like a prom dress
Off off off
Off like a prom dress
