

Parkinlot

Mindless Self Indulgence

Hey, one night, with my cousin Rich, I threw a paratrooper off the roof, and that motherfucker landed in the middle of the parking lot. Except he landed like this...

Right in the middle of the parking lot,
Right in the middle of the parking lot,
Right in the middle of the parking lot,
Na na na na na.
Motherfucker.

Right in the middle of the parking lot,
Right in the middle of the parking lot,
Right in the middle of the parking lot,
Yes right in the middle of the parking lot.

Right in the middle of the parking lot,
Right in the middle of the parking lot,
Right in the middle of the parking lot,
Na na na na na... Na!
