

Whistling Dixie

Mindless Self Indulgence

My niggas don't play guitar
They just like the way that it sounds
Y'all have to lick my balls
'cause that's the only game in town

I'm ball like captain Picard
This look is good for me
You will see how it be,
cuz yo motherfucker I'm whistling dixie!

My niggas don't play guitar
They just like the way that it sounds
They like the hard tones
It makes them feel like a man

I give off pheromones
So I can find a date
You will see how it be,
cuz yo motherfucker I'm whistling dixie!
