

So Fine

Mint Condition

This is for all these special people
Whom God has created
Who He put on this earth
So beautiful indeed the woman

Such a beautiful lady
The kind you find in a dream
And dreams are so real for me

With eyes so warm and soothing
They put me in a trance
And I imagine us by the warm cozy fireplace

The light shines on your face
Your smile gets me higher and higher
My heart starts to race
I gotta say what I feel
'Cause, girl, you look so good to me

So fine lady
So fine, you sway me
So fine lady
So fine, you sway me

Can't believe my eyes
Take me for a ride
Such a woman of quality
Your body's so supreme
When you dance you sway so elegantly

Girl, you simply dazzle me
You put me in a trance
And I imagine you and me
Just kissin' away

My fingers in your hair
Your embrace holds tighter and tighter
Your touch makes me say
I gotta stop to look
'Cause, girl, you look so damn good to me

So fine lady
So fine you sway me
So fine lady
So fine you sway me

So fine lady
So fine you sway me
So fine lady
So fine you sway me
