

Cold in Hell

Misfits

It's cold in hell
It's cold in hell they say
It's cold in hell
In this endless winter

It's cold in hell
It's cold in hell they say
It's cold in hell
In this endless winter

I knew the end was comin'
One day for you
Just another tragic story

It's cold in hell
It's cold in hell they say
It's cold in hell
In this endless winter

It's cold in hell
It's cold in hell they say
It's cold in hell
In this endless winter

I knew the end was comin'
One day for you
Just another tragic story, hey

It's cold in hell
It's cold in hell they say
It's cold in hell
In this endless winter

It's cold in hell
It's cold in hell they say
It's cold in hell
In this endless winter

This endless winter
